Whirlpool induction glass-ceramic hob - SMP 9010 C/NE/IXL

FlexiCook zone technology, allowing you to combine multiple burners into a single cooking zone, for larger pots and pans. intuitive slider, for effortless control of your appliance settings. This Whirlpool induction glass-ceramic Hob features: An elegant technology, that heats the pan, not the hob, reducing energy dispersion and providing perfect cooking results. 10 induction rings. Electric power supply.

6TH SENSE AUTOMATIC FUNCTIONS
Setting the correct heat level is no longer an issue, thanks to 4 special pre-set functions - up to 4 for each cooking zone. Just select the program and the hob automatically sets the best heat level for the desired cooking method.

iXelium
Long lasting shine. The revolutionary iXelium treatment protects your hob from scratches and corrosion, ensuring a perfect shine, always. And, it's easy to clean: all you need is water and a soft cloth.

FlexiFull
Cook anywhere on the completely flexible surface with pans of all shapes and sizes.

Eco booster
Smart savings. The Eco Booster function saves you up to 10% energy (compared to standard boosters). It analyses the power, time and energy required to boil water for a maximum of 9 minutes, then switches to a lower power automatically, to keep water at boiling level.

Smart Grilling
The Grill function is designed to cook your grilled dishes to perfection, thanks to a special heat detector that constantly monitors the cooking temperature.

Smart Frying
The Fry function allows you to enjoy delicious, crispy fried dishes, thanks to a special heat detector which constantly monitors the cooking temperature.

Front Controls
Complete control over your cooking. Easily accessible and genuinely intuitive, the controls are conveniently positioned on the front panel of your hob, providing a frictionless cooking experience.
