

WL B4060 CPNE

12NC/Fx: 859991662310

GTIN (EAN) code: 8003437642463

DIMENSION MEASURE APPLIANCE Product width 590 mm Product depth 510 mm 10 Radius of product corner mm Product height (MAX protrusion from the worktop) 4 mm 50 Underneath the bearing area of the appliance mm Distance between cut out and top frontal projection 15 mm 15 Distance between cut out and top lateral projection mm 4 Plateau thickness mm Gas outlet positioning N/A Gas outlet X positioning 0 mm Gas outlet Y positioning 0 mm Power cable With product Power cable positioning Rear left CUT OUT MIN front distance from cut-out to end worktop 0 mm MIN rear distance from cut out to wall/furniture 35 mm 100 MIN lateral distance from cut out to wall/furniture mm 400 MIN height from worktop to above furniture mm MIN cut out width 560 mm 562 MAX cut out width mm 480 MIN cut out depth mm 492 MAX cut out depth mm 0 MIN cut out radius mm 10 MAX cut out radius mm **FLUSH INSTALLATION** Indicates whether a flush installation is possible. Default is "N" Yes 593 MIN Milling rabbet width mm MAX Milling rabbet width 595 mm 513 MIN Milling rabbet depth mm 515 MAX Milling rabbet depth mm Milling rabbet thickness 6 mm 11.5 Radius milling rabbet mm Service Flush installation KIT (2) KIT Indicates the minum worktop thickness with standard installation for gas 0 mm 0 Indicates the maximum worktop thickness with standard installation for gas mm Indicates the minum worktop thickness with flush installation for gas 0 mm 0 Indicates the maximum worktop thickness with flush installation for gas mm WITH OVEN Indicates whether the cooktop can be installed above oven. Default is "Y" Yes MIN worktop thickness with oven 28 mm 0 MAX worktop thickness with oven mm

Indicates whether a protection tray against heat or contact is needed with oven. Default is "N"	No	
Indicates whether a ventilation opening in the back side of cabinet is needed or not with oven. Default is "Y"	Yes	
Indicates the position of the opening in the back side of the cabinet with oven	Тор	
MIN Width of rear opening required with oven	550	mm
MIN Depth of rear opening required with oven.	45	mm
MIN AREA of rear opening required with oven	247.5	cm
MIN distance from cabinet to rear wall, with oven	20	mn
Indicates whether a ventilation opening in the top front side of cabinet is needed or not with oven. Default is "N"	No	
MIN Frontal gap required, with oven (2)	0	mn
MIN frontal opening area required with oven	0	cm
WITH CABINET		
MIN worktop thickness with cabinet	12	mm
MAX worktop thickness with cabinet	0	mm
Indicates whether a protection tray against heat or contact is needed. Default is "Y"	Yes	
MIN distance from bottom line of appliance to protection tray	10	mn
Indicates whether a ventilation opening in the tray is needed or not with cabinet	Yes	
Recess dimension X	90	mn
Recess dimension Y	120	mn
Positioning dimension X by axis	45	mn
Distance of the tray from the back panel/wall	60	mn
Indicates whether a divider is available	Service accessory	
Indicates whether a ventilation opening in the back side of cabinet is needed or not. Default is "Y"	Yes	
Indicates the position of the opening in the back side of the cabinet.	Тор	
MIN Width of rear opening of the cabinet	550	mn
MIN Depth of rear opening of the cabinet	45	mn
MIN AREA of rear opening of the cabinet	247.5	cm
MIN distance from cabinet to rear wall	20	mn
Indicates whether a ventilation opening in the top front side of cabinet is needed or not. Default is "N"	(No	
MIN Frontal gap of the cabinet	0	mn
MIN frontal opening area of the cabinet	0	cm
INSTALLATION SPACE		
Depth of immersion underneath the appliance	0	mn
Width protruding area below bottom box	0	mn
Depth protruding area below bottom box	0	mn
Protruding area: X positioning	0	mn
Protruding area: Y positioning	0	mn
ACCESSORIES FOR INSTALLATION		
Gasket	Pre assembled	

DIMENSION

DIMENSION	MEASURE		
Clips	Separate KIT		
Injector KIT	N/A		
Elbow KIT	N/A		
COOKTOP HOOD INSTALLATION ONLY FOR GAS			
MIN distance from cooktop to above furniture	0	mm	
MIN distance between cabinets above the cooktop	0	mm	
MAX distance between cabinets above the cooktop	0	mm
