Steam Hygiene

Laundry is sanitized in the most natural and delicate way at the end of the washing cycle - even when washing at low temperatures - without chemical additives. Ideal for those with sensitive skins, and good for the environment as well, this treatment removes up to 99.9% of the most common bacteria.

FreshCare+

100% Freshness even if you forget to unload. No need to adapt your schedule to the laundry chores: your garments will be protected from odours and creasing. FreshCare+ thanks to delicate steaming and tumbling action inhibits the proliferation of the main bad odour sources (inside the washer) for up to 6 hours after the cycle ends, while gentle tumbling prevents fixing of creases.
