Whirlpool induction glass-ceramic hob - SMP 9010 C/NE/IXL

10 induction rings. flexiCook zone technology, allowing you to combine multiple burners into a single cooking zone, for larger pots and pans. Intuitive slider, for effortless control of your appliance settings. This Whirlpool induction glass-ceramic Hob features: An elegant technology, that heats the pan, not the hob, reducing energy dispersion and providing perfect cooking results. Electric power supply.

Induction technology

Faster, energy-efficient cooking. Induction technology heats the pan, not the hob, reducing energy dispersion by 10%, and providing perfect cooking results.

FlexiFull

Cook anywhere on the completely flexible surface with pans of all shapes and sizes.

63 Cooking Combination

Explore 63 delicious combinations of recipes and cooking methods, so you never run out of mouthwatering dishes to enjoy.

Smart Grilling

The Grill function is designed to cook your grilled dishes to perfection, thanks to a special heat detector that constantly monitors the cooking temperature.

Smart Frying

The Fry function allows you to enjoy delicious, crispy fried dishes, thanks to a special heat detector which constantly monitors the cooking temperature.

French Plaque

Chef Control is an innovative cooking tool that allows you to cook without having to adjust temperatures via the hob. Simply shift the pots around on the cooking surface and enjoy delicious meals!

Front Controls

Complete control over your cooking. Easily accessible and genuinely intuitive, the controls are conveniently positioned on the front panel of your hob, providing a frictionless cooking experience.

Sensor Cooking

Great results, recipe after recipe, with 6TH SENSE sensors' temperature adjustments.

iXelium

Long lasting shine. The revolutionary iXelium treatment protects your hob from scratches and corrosion, ensuring a perfect shine, always. And, it's easy to clean: all you need is water and a soft cloth.
