

Protection from limescale

Optimises performance

Regenerating salt • 1kg

To ensure the correct water hardness

CHARACTERISTICS

The Wpro regenerating salt is the solution to **protect your dishwasher from limescale deposits** by controlling the hardness of the water that enters the machine. The regenerating effect of the salt will **optimise the machine performance**, guaranteeing perfectly cleaned and grease-less dishes.

THE RECOMMENDATION OF WPRO

Wpro recommends the regular use of the salt for excellent performance of the dishwasher.
